Welcome to the Avian Behavior Lab! We're so happy to welcome you to our community. We know you want to grow your bird training skills and knowledge, and overall, strengthen your bond with the birds in your life.

The good news is, you are in the right place! We have dozens of in depth courses, live trainings, and certifications to help you achieve all of your goals.

In order for you to get the best experience out of the Lab, this guide will help you navigate through the site, and find all of the gems and key areas of interest where you can find the answers you are looking for.

This screenshot is the starting point for all new members. This is your dashboard. Your first starting point is the "Start here" section.

FIRST STEPS

Next Steps:

1

Personalize Your Profile

Personalize your profile, add your profile picture, and update your "about me" information in the community. [Click here](#) to visit the forum. Then click on the arrow next to your username at the top of the page. Choose profile and start personalizing your page.

2

Introduce Yourself in the Forum

Get to know your bird loving community! Introduce yourself [here](#), and let us know a little bit about yourself and the animals you share your life with. We would love to hear more about your goals and challenges

3

Begin the Behavior Roadmap!

No matter where you are in your behavior and training journey, there is always more to learn and a different way to look at things. Start the [Roadmap](#) and check out all the other courses we have in the Library. The Roadmap is still in progress at this time, but there is plenty to get you started!

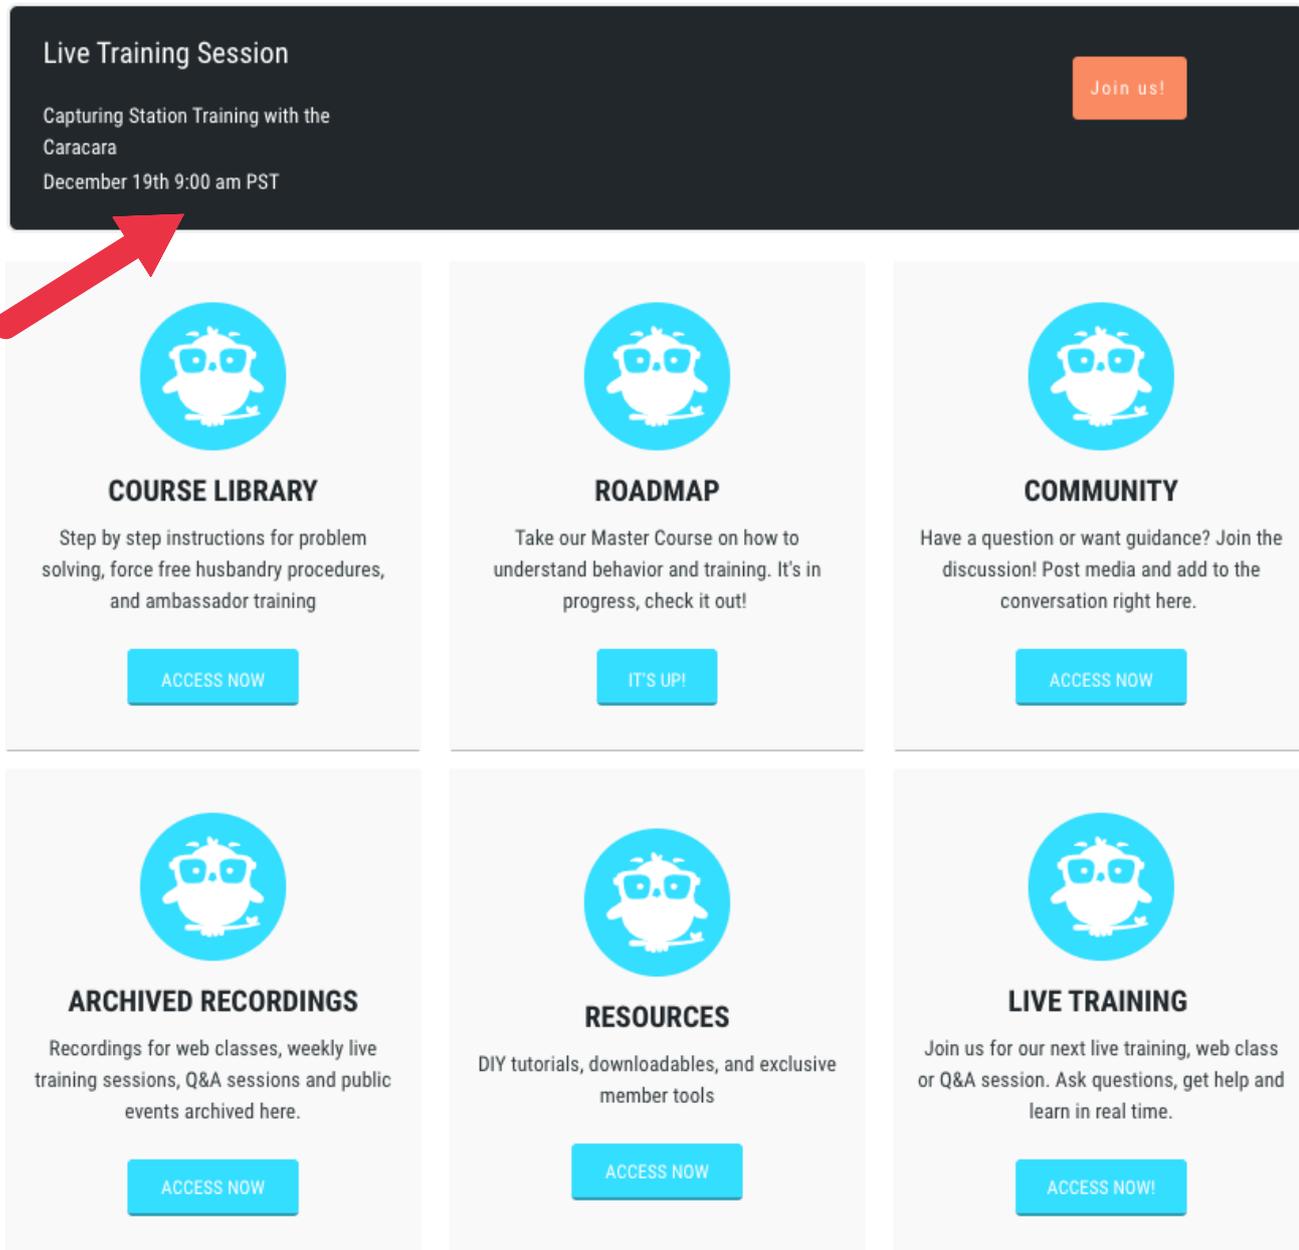

4

Share a win or ask for feedback

We want this to be a welcoming and safe community for all. We know how scary the comments section can feel even in closed social media groups. Share a video in the [community forum](#) of a training session or particular behavior with your bird and start this new journey to a better, more enlightened life with the animals you love!

Inside the "start here" tab, you will find your first four courses of action. Follow the prompts to personalize your profile,, introduce yourself inside of the community forum, checkout the Behavior Roadmap - a detailed and foundational training about the science of behavior and training, and then share a win or ask for feedback!

YOUR DASHBOARD

The screenshot shows a dashboard layout. At the top is a dark grey banner for a 'Live Training Session' titled 'Capturing Station Training with the Caracara' on 'December 19th 9:00 am PST'. A red arrow points from the bottom left towards this banner. Below the banner are six light grey cards, each featuring a blue owl icon. The cards are: 'COURSE LIBRARY' (step-by-step instructions), 'ROADMAP' (Master Course progress), 'COMMUNITY' (discussion), 'ARCHIVED RECORDINGS' (web classes and sessions), 'RESOURCES' (DIY tutorials), and 'LIVE TRAINING' (next live training session).

Live Training Session

Capturing Station Training with the Caracara
December 19th 9:00 am PST

[Join us!](#)

COURSE LIBRARY

[ACCESS NOW!](#)

Let's head back to your dashboard. When you scroll down you'll see the site navigation at a glance -these are all of the areas inside of the lab. To familiarize yourself with the site, we recommend clicking through to each area to explore around.

Also, the top section that says "Live Training" is the announcement area so you can be sure to not miss any of the upcoming live trainings.

YOUR DASHBOARD

What's New in the Library
